Draught: 2.60 m / 9 ft(up) — 4.40 m / 14 ft(down)  
Displacement: +/- 82 tons

*CL*

Emmaline ((Formerly Carl Linné, previously Christoffel's Lighthouse) is the result of a client making a fearless statement about merging past and future. She is an astonishingly aristocratic 'throwback' to rugged, plumb-bowed, turn-of-the-century pilot and revenue cutters, and the 1885 America's Cup competitors, Puritan and Genesta. At the same time, the yacht's lines were updated by Gerard Dijkstra.

Emmaline epitomises modern strength, beauty and sailing efficiency. With a deep retractable keel, she is conceived, equipped and destined for worldwide exploration. Emmaline was nominated for the Boat International Superyacht Award.
